Hon. Mr. Meighen Indicates Proposal For Legislation to Come up at Next Session

Ottawa, Dec. 14.—Proposed legislation at the coming session of parliament is indicated by a communication addressed to the prime minister in London by the minister of the interior. Mr. Meighen stated in an interview today that he felt it was only just to the soldiers overseas that they should know at the earliest possible date the proposals the government would have as many of them as possible will have an opportunity of first knowledge as to the possibilities offered to them under the terms of the new legislation. The cablegram addressed to the prime minister follows:

[illegible]

Major Ashtan and Bailey overseas now to inaugurate work there. Most careful provision will be made for testing qualifications of all applicants and only probably successful men accepted. After settlement every possible supervision and encouragement will be given. All homesteadable lands or provincial crown lands made available by provinces may be homesteaded and soldiers given assistance thereon under plan of present act."

Salvation Army News

There was a large gathering at the S.A. citadel on the South Side Friday night to hear Commissioner Sowton. The service which was conducted by Brigadier Hay was most interesting all through. He called on Capt. Geo. Munday from Camrose to speak, also Lieut. John Moil who spoke of some of his experiences in looking after flu

Mrs. Brigadier Hay spoke of the helpful counsel of the commissioner and the good accomplished at his meetings, and wished him God speed on his journeys through the Western

Saturday the familiar cry "Keep the pot a boiling" was heard on the streets. Again the Salvation Army is asking the public to contribute their mite toward making Christmas happier than otherwise would be for some poor family.

The Salvationists are in touch with those who are in need and have been unfortunate through the past year as a result of sickness or circumstances over which they have no control, and it is their aim that not a firmly should do without a good Christmas dinner. We are sure the citizens will heartily respond and "Keep the pot a boiling."

Staff Captain Smith assisted by Lieut. Moll, divisional outrider, will conduct the services all day Sunday at the South Side.

The evening service will be a memorial for the late Miss Phyllis Stephens, who was a member of the Army and passed away a few days ago. Appropriate music an dainking will be rendered by the Band of Nonsectors.

Will Your Name Be on the Register?

In the Great War Veterans' Memorial Hall to be erected in Edmonton there will be a register bearing the name—but not the amount—of every subscriber to the fund.

It will be a register of the names of those who are grateful to the boys for the sacrifices they have made and for the victory they have won.

The name of every single resident of Northern Alberta, *except* those who are not in sympathy with the Allies, if there be any such, should be inscribed on this roll and this week an opportunity will be offered to the patriotic and appreciative people of this city and district to express their patriotism and to show their appreciation in a practical way.

Several hundred busy men are giving their time and services this week gladly and freely in this campaign to raise \$300,000.00 and an effort will be made to canvass everyone in support of this fund.

When the men call on you give them the reception the merit of the fund deserves.

You have been canvassed during the year for many things, of course, and the high cost of living has affected your net income, but remember you did not have to go through the hell which 30,000 of your fellow-citizens in Northern Alberta experienced, many of them never to return.

Isn't it worth something to you to have escaped that?

This fund of \$300,000 represents only \$10 for each man who left this district. Surely that is little enough to give as a memorial to the heroism of the men who will return and as a loving tribute to those who gave their lives that right and freedom might prevail.

The aim of the local committee is to secure a subscription for GOOD-WILL SHARES from every man, woman and child in Edmonton, and that should be possible.

There is no man with a spark of humanity within him who will not want to see his name on the register of grateful citizens who pay their tribute to the boys who have brought undying fame and glory to the fair province of Alberta.

Then receive the canvasser gladly and subscribe for as many GOOD-WILL SHARES as you can afford.

This will be your CHRISTMAS GIFT to the boys—and there could be no gift more practical or more fitting.

Do not let it be said that Edmonton and Northern Alberta failed in this, the first and only chance we have had or will have to show in a tangible and collective way our gratitude to the boys.

GOOD-WILL SHARES in the Great War Veteran's Memorial Hall are to be sold at \$10.00 each, and each subscriber may purchase as many shares as he wishes.

Certificates will be issued for the amount of shares bought, while to those subscribing less than \$10.00 illuminated receipts will be given.

Every chartered bank in Northern Alberta will accept subscriptions for this fund, so if the canvassers miss you go to your bank, or any bank, and make your subscription.

The sum needed is \$300,000.00, and that amount must be raised within the next five days.
